

The Digital Research Tool of Business.

Corporate Edition

USBR Prime

USBR Prime is a subscription-based hosted service for gathering and organizing your corporate intelligence from one location by accessing industry reports, market research reports, economic reports, and retail reports for your entire organization.

U.S. Business Reporter can deliver reports for a host of different desktop users simultaneously at a far reduced price than purchasing reports individually through our Research Store. This service integrates directly into your subscription license of USBR databases. Therefore, you have a completely integrated information network of databases and reports combined on one single-platform.

Corporations can subscribe to our reports in bulk at a fixed price which reduces the annual cost per year. Each report can be accessed for a fraction of the cost of an individual purchase.

Customize Your Service Package.

You can customize USBR Prime to fit your own business needs. Customized packages are available for different categories of reports from industry, market, regional economic, metropolitan economic, and retail reports or any combination of report categories. You can license specific report categories to fit your own company needs.

Manage Your Information Center.

USBR Prime gives you the knowledge to make powerful business decisions by giving you instant access to high grade information company-wide or for small work groups without wasting time on a broad array of different legacy databases that are incompatible with each other.

Your Strategic Point For Competitive Advantage.

All reports accessed through the USBR Prime account are available in HTML and PDF formats which gives you more options. You gain access to valuable industry, market, economic, and retail intelligence and report data which can be shared and collaborated with your colleagues simultaneously to make rapid

decisions in the fast paced world of business.

You have access to all industry, market research, economic, and retail report updates when they become available. These reports are a good reference tool to research and look back on past information to make important inferences on the dynamics of industries, markets, and economic data and analysis. USBR Prime is the business solution for strategic thinkers and knowledge workers.

Authentic Content.

Your subscription to USBR Prime features our premium and authentic content with powerful and authoritative information on industry issues and matters, high level commentary, supportive data and statistics, and deep critical analysis on the past and future direction of each industry and market.

How to Buy.

You can purchase USBR Prime through the USBR Research store or contact your Account Representative to set up your account.
